

**REMARKS**

Reconsideration of this application, as amended, is respectfully requested.

**I. Status of the Claims**

Claims 2-14, 17-38 and 87-93 have been canceled without prejudice or disclaimer of the subject matter therein.

Claims 15 and 39 have been amended. The amendments do not add new matter.

Claims 15-16 and 39-86 are pending in this application.

**II. Acknowledgment of allowable subject matter**

Applicants' Attorneys would like to thank the Examiner for the acknowledgment of allowable subject matter in claims 15-16 and 39-86.

**III. Rejections Under 35 U.S.C. § 112**

Claims 2-71 stand rejected under 35 U.S.C. § 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicants regard as the invention. The Examiner states that claim 2 is indeterminate because it is unclear whether the phrase "forwarding receiving" intends to suggest "forwarding or receiving" or "forwarding and receiving." The Examiner states that the phrases "the configuration data module" in claim 9 and "the client page profile module" in claim 12 lack antecedent basis. Applicants have cancelled claims 2, 9 and 12 without prejudice and have rendered the rejection to these claims moot.

Regarding claim 23, the Examiner states that the phrase “the preview information archive” lacks antecedent basis. Regarding claim 24, the Examiner states that the phrase “one of determines” is vague and confusing. Applicants have cancelled claims 23 and 24 without prejudice and have rendered the rejections to these claims moot. Regarding claim 39, the Examiner states that the phrase “client server” is confusing because a system in a network is generally a client or a server, not both. Applicants have amended claim 39, removing the term “server.”

**IV. Rejections Under 35 U.S.C. § 102(e)**

Claims 2-14 and 17-38 stand rejected under 35 U.S.C. § 102(e) as being anticipated by U.S. Patent No. 6,353,448 to Scarborough et al. (hereinafter “Scarborough”).

Applicants have cancelled claims 2-14 and 17-38 without prejudice and have rendered the rejection to these claims moot.

### CONCLUSION

In view of the above amendments and remarks, it is believed that claims 15-16 and 39-86 are in condition for allowance and it is respectfully requested that the application be reconsidered and that all pending claims be allowed and the case passed to issue.

If there are any other issues remaining which the Examiner believes could be resolved through either, a Supplemental Response or an Examiner's Amendment, the Examiner is respectfully requested to contact the undersigned at the telephone number indicated below.
